Torfaen active Travel Consultation

The council launched a consultation on active travel a couple of weeks ago. The feedback and responses the council receives to this consultation will feed into their active travel "wishlist" for the future. The Active Travel Act in Wales is a concept that means continual development and evolution of sustainable policies over the next generation, encouraging more people to walk and cycle more frequently and creating more safe and convenient walking and cycling routes are at the centre of active travel. That includes (but is not limited to) Safe Routes to School. Please find below a link to the Torfaen active travel consultation that is currently open.

Covid Safety Rules at the School Gates

Please continue to maintain a clear social distance at the school gates and remember **to wear a mask** when dropping off or collecting children. Along with regular hand washing/sanitising and social distancing, this will reduce the risk of spreading COVID-19 at school as far as possible.
