Croeso i Blwyddyn 6/ Welcome to Year 6

We hope you find the following information booklet useful. Included are details about your child's curriculum and how their learning will develop throughout their journey in Year 6. I am sure throughout the year you will excel, striving to climb and sparkle in class 11! The most important thing in Year 6 is to remember to shine bright always and you will achieve amazing things! I cannot wait to start our year together!

Be sure to check our school website <http://www.garntegprimary.co.uk/> and our Instagram pages for regular updates and information @MrsHLee @garntegprimary.

What to expect in Year 6

Daily routines

Year 6 is an important year where learners take on greater independence, leadership, and responsibility. Under the Curriculum for Wales, learning becomes increasingly connected, purposeful, and ambitious. These years are designed to support learners in becoming confident, capable, individuals.

Daily routines in Year 6 typically begin with a variety of engaging morning activities from across the curriculum, followed by a well-being check-in. This check-in plays an important role in helping staff understand how learners are feeling each day and provides an opportunity to address any worries or concerns early on. followed by focused English and Maths sessions. Afternoons often include topic-based learning across the Areas of Learning and Experience (AoLEs), such as Science & Technology, Health & Well-being, Humanities, and Expressive Arts. Learners also participate in PE, Welsh, and digital competency activities throughout the week.

While English and Maths remain key areas of focus, learning in Year 6 is not confined to set times of the day. Instead, the timetable is more fluid, allowing learners to develop key literacy and numeracy skills and apply them meaningfully across the curriculum. Lessons are often integrated through rich, topic-based learning across the Areas of Learning and Experience (AoLEs), such as Science & Technology, Health & Well-being, Humanities, and Expressive Arts. Learners also regularly engage in PE, Welsh, and digital competency activities, with skills being taught, reinforced, and applied in a variety of contexts throughout the week.

A **typical timetable** includes daily opportunities for reading, spelling and grammar (SPaG), problem-solving in Maths, and writing for different purposes. These subjects are embedded across the curriculum—for example, writing a science report, calculating data in geography,

or presenting in a drama performance. "A day in the life" of a Year 6 pupil involves collaboration, creativity, critical thinking, and reflection. Learners are encouraged to take ownership of their learning.

Dydd	9.00-9.30	9.30am ————— 11.45am		11.45-12.30	12.30pm ————— 3.15pm

C.S. Curriculum Skills								

As part of our commitment to health and well-being, learners participate in the Daily Mile, promoting regular physical activity and helping to improve focus and energy levels throughout the day.

Registers are also taken at the start of the afternoon session. Following this, children take part in a guided reading session, where they work in groups on texts matched to their reading level. This may include higher-level reading activities, such as dictionary work, exploring word origins, or investigating the history and meaning of vocabulary—tailored to support individual progress.

Afternoon learning continues with a focus on developing academic knowledge and skills across the Curriculum for Wales, allowing children to apply literacy, numeracy, and digital skills within meaningful, cross-curricular contexts.

In Year 6, learners actively participate in Religious Education (RVE) and Personal, Social, Values, and Ethics activities that encourage reflection, discussion, and personal growth. In class 11 they explore different world religions and belief systems, learning to appreciate diverse cultures and viewpoints while developing respect and empathy for others. They also focus on building important life skills such as managing emotions, developing positive relationships, making ethical decisions, and understanding their own values. These activities often involve group discussions, role-playing scenarios, and real-life problem solving, helping

learners to become thoughtful, responsible, and confident individuals ready to contribute positively to their communities.

At the end of the school day, children are taken to the school gate as directed by their parent or carer at 3:15 p.m. Learners who have been given permission by a parent or carer are allowed to walk home independently. Learners who travel by school bus are taken to and from the bus by staff each day to ensure their safety.

Wellbeing in Year 6

Wellbeing is a key focus for our Year 6 learners, as it supports their emotional health and learning readiness. Each day, learners take part in wellbeing check-ins, allowing them to express how they feel and receive support when needed.

Our classroom includes a calm corner where learners can take a moment to relax and regroup if they feel overwhelmed. We also incorporate mindfulness sessions to help develop concentration and promote a sense of calm.

Our school is fortunate to have a pond on the grounds, providing a peaceful outdoor space for reflection and connection with nature.

In addition to this, our learners take part in a variety of enriching activities that support both wellbeing and personal development. These include cooking sessions, forest school experiences, and mindful outdoor activities that encourage creativity, teamwork, and a deeper connection with the environment.

Physical challenges such as climbing the climbing wall and participating in the leap of faith activity also help build confidence, resilience, and encourage personal growth. These opportunities are carefully designed to support the children in our class, helping each learner to thrive both emotionally and physically.

School Uniform

Children are expected to wear the recognised school uniform. If there are any problems with uniform please inform the class teacher in person or through sending in a note.

CLIMB TO SPARKLE CURRICULUM

At Garnteg we are proud to be part of creating a new learning curriculum in Wales. The aim across Wales is to see schools as learning organisations. We have been given the exciting opportunity to Pioneer a 'Curriculum for Wales' The National Mission. This means we are providing our learners with authentic, holistic opportunities within their learning. We aim to provide learners with a range of 'real life' opportunities that will be enjoyed thoroughly. Through pupil voice, learners engage in the planning and evaluation of their learning across all Areas of Learning Experiences (AoLEs).

These include:

- **LANGUAGE, LITERACY AND COMMUNICATION** - which includes Literacy, Welsh language as well as engagement with Modern Foreign Languages further on in the school.
- **MATHEMATICS AND NUMERACY.**
- **SCIENCE AND TECHNOLOGY** - developing Science, Design Technology, ICT and STEM opportunities.
- **CREATIVE DEVELOPMENT** - Music, Drama, Media and Art
- **HEALTH AND WELLBEING**
- **HUMANITIES** - Geography, History and RE

Alongside these Areas of Learning and Experiences (AoLEs), we aim to develop the Core Purposes within learning. Within the new curriculum there are four Purposes aimed at developing the learners for their future ventures and opportunities.

The aim is for our children to become:

- Healthy, Confident Individuals
- Enterprising, Creative Contributors
- Ambitious, Capable Learners
- Ethical Informed Citizens

All children will be given access to universal provision, where we aim to meet the needs of all learners through high quality teaching and learning.

For more information on the ALN (additional Learning Needs) bill please see this informative video

<https://www.youtube.com/watch?v=00gHqZWOWPg>

P.E will be held on a weekly basis and children will need to bring suitable kit for indoor and outdoor physical activity on these days. This should be clearly named and stored in a named bag on the children's pegs.

Year 6 Trips and Residential

We aim to provide a range of engaging, educational trips throughout the year that will impact upon pupil's learning. Pupils will also have the opportunity to attend Residential trips in Year 6 in the Summer Term, these are always greatly enjoyed by pupils and staff.

School and Classroom Expectations

In our classes we ensure that we have a happy learning environment where everyone feels valued and enjoys their time together. In order for us to achieve this we develop a classroom charter, together with the pupils, at the beginning of the school year. We also follow the expectations for the whole school. These include:

- Walk quietly around the school at all times.
- Keep hands, feet, objects and unkind words to ourselves.
- Follow instructions first time.
- Listen to the chosen speaker.
- Respect everyone on our school community.

As we strive to help children become life-long learners we promote independence and responsibility throughout the school day.

Healthy Snack

Children are encouraged to bring one item of healthy snack to school and their own drinks bottle. No sugary drinks should be brought to school. If your child has any specific dietary requirements please let us know.

Class dojo

At Garnteg we reward great behaviour with dojo points. Each child will have their own monster avatar and will build up their points and rewards through the year. Parents and carers are invited to view the children's dojo point progress where they can download the app and receive notifications of the points changing throughout the day. Notices and updates will be posted on the class and school dojo story.

Communication Procedures

We value positive communication and believe that most questions or concerns can be resolved quickly by speaking to the appropriate member of staff at the gate each morning. If you have any questions about your child's learning, the school curriculum, or any other aspect of school life, or if you wish to raise a concern, please communicate with your class teacher. Should you need further support you can contact the Phase Leaders- Mrs Parker Evans or Mr Phillips.

We hope that any problems can be resolved quickly and to everyone's satisfaction by following this procedure.

A copy of the school complaints policy can be found on the school website <https://www.garntegprimary.co.uk/media/1997/complaints-policy-2026.pdf>

Safeguarding Procedures

Your child's safety and wellbeing are our top priority. We have clear safeguarding and child protection procedures to help keep every child safe, happy, and supported while in our care. All staff are trained to recognise and respond to any concerns about a child's welfare and follow local and national guidance. If we are worried that a child may be at risk of harm, we have a duty to share our concerns with the Safeguarding Officer to help keep them safe. We will always aim to work openly and in partnership with families wherever possible, while putting the child's best interests first.

Attendance – Strive for 95%

We pride ourselves on the great attendance records we have kept over previous years. We look forward to keeping this great attendance record over the coming year. Remember your child needs to be in school every day to learn and cannot achieve attendance targets if they have any absences that total 10 days or more. Please send your child to school every day.

Home Learning

In Year 6 we encourage the following home learning activities to support learning.

Reading

We recommend 10 - 15 minutes reading 5 times a week as a part of homework.

Children will have access to online reading resources through 'MyOn' and will be provided with a home reader. We encourage pupils to read and return their books regularly, which is then rewarded in the classroom.

Homework

A learning log containing activities to complete at home will be sent home and shared on Class Dojo over the course of each term for pupils to complete.

They will need to choose one activity to complete each fortnight and these can be shared with the class teacher by returning work to school or uploading to Google Drive. Dojo points will be awarded for completed homework and it will be celebrated in class.

In addition to their homework, spellings will be given once every week, which pupils are encouraged to practise at home.

Pupils can also access TT Rockstars to practise their times tables.

Year 6 High Frequency Words

Below are the high frequency words that will be taught to your child in Year 6. We encourage you to practice reading and spelling these words at home to support your child's reading development.

Word	R	W	Word	R	W	Word	R	W	Word	R	W	Word	R	W	Word	R	W
accommodate			community			exaggerate			lightning			recognise			twelfth
